La Gruyère, A land of hearts, sports, nature and culture

Between Lake Geneva and Bern, discover the tourist region of La Gruyère in the canton of Fribourg in Switzerland and immerse yourself in its wonders: culture, nature, cheese and chocolate!
 Between lakes and mountains, a land combining tradition and modernity at the borders of the **Parc Naturel Régional Gruyère Pays-d'Enhaut**.

The green Gruyère offers a variety of landscapes during an exceptional journey:

The Gibloux hill and the Berra massif overlooking the Lake of Gruyère (left and right banks).
 Lac Noir (Black-Lake): a jewel case nestling on the border of languages (French and German).
 The famous "Gastlosen" mountain range: spectacular mountains nicknamed "The Swiss Dolomites".
 Château-d'Oex: tourist town in the Pays d'Enhaut, capital of hot-air ballooning.
 The Jaman pass "balcony" over Lake Geneva: an impressive view from Montreux to Geneva and the Savoie.
 Les Paccots : nice tourist resort above Châtel-St-Denis.
 Le Niremout and les Portes: 2 hills with a panorama of the 3 Lakes (Morat, Neuchâtel, Biel) and the Jura.

The itinerary proposes to travel through one of the most appreciated regions of the Pre-Alps of French-speaking Switzerland: a balance between farmland, forests, villages, rivers and lakes, populated by an abundance of fauna and flora where it is good to recharge one's batteries.
 However, due to the distances and altitude differences, **the « Tour de la Gruyère » is reserved for seasoned cyclists (other versions in 3 or 6 days)**. Our itinerary offers you a good mix between safety and tranquillity and will make you discover the most beautiful landscapes of Gruyère.
